Lord Abbett Series Fund – Total Return Portfolio Annual Report

For the fiscal year ended December 31, 2018

From left to right: James L.L. Tullis, Independent Chairman of the Lord Abbett Funds and Douglas B. Sieg, Director, President, and Chief Executive Officer of the Lord Abbett Funds.

Dear Shareholders: We are pleased to provide you with this overview of the performance of Lord Abbett Series Fund - Total Return Portfolio for the fiscal year ended December 31, 2018. On this page and the following pages, we discuss the major factors that influenced fiscal year performance. For additional information about the Fund, please visit our website at www.lordabbett.com, where you also can access the quarterly commentaries that provide updates on the Fund's performance and other portfolio related updates.

Thank you for investing in Lord Abbett mutual funds. We value the trust that you place in us and look forward to serving your investment needs in the years to come.

Best regards,

A handwritten signature in black ink, appearing to read 'D. B. Sieg'.

Douglas B. Sieg
Director, President and Chief Executive Officer

For the fiscal year ended December 31, 2018, the Fund returned -1.03%, reflecting performance at the net asset value (NAV) of Class VC shares with all distributions reinvested, compared to its benchmark, the Bloomberg Barclays U.S. Universal® Index,¹ which returned -0.26% over the same period.

During the period, there were several market-moving events. In June 2018, the White House announced its intent to impose additional tariffs on \$200 billion worth of Chinese goods, on top of the \$50 billion previously announced. The aggressive U.S. trade posture continued

into September with trade tensions mounting between the U.S. and China. While the impact has yet to be fully realized, many corporations anticipate that the retaliatory tariffs will weigh on profits. In 2018, the Federal Reserve (the "Fed") hiked short-term interest rates by 0.25% at each of its March, June, September and December meetings, raising the target range to 2.25% - 2.50%. As the Fed continued to raise rates, the U.S. Treasury yield curve flattened throughout the year. The yield on 10-year U.S. Treasury securities ("Treasuries") reached multi-year highs in November, and pulled back in

December as risk-off sentiment roiled the markets and investors flocked to safety. Amid rising concerns surrounding escalating trade tensions, slowing global growth, and increasing interest rates, the Nasdaq experienced its largest monthly drop since 2008 in October 2018. US equity markets were volatile to finish out the year, with the S&P 500 suffering the largest December decline since the Great Depression, culminating in the worst year since the financial 2007 - 2008 crisis. Additionally, leveraged credit segments of the market experienced a sharp sell-off, notably in December, due to concerns over slower growth, falling oil prices, year-end technical pressures and general risk-off sentiment. Despite the sell-off, the U.S. economy continued to expand by more than 2% during each quarter of the trailing 12-month period, with domestic GDP growth ranging between 2.2% to 4.2% from the third quarter of 2017 to the third quarter of 2018. The 4.2% GDP growth in the second quarter marked the strongest growth rate since the third quarter of 2014. Inflation, as measured by the Consumer Price Index (CPI), gained 1.9%, which was a decline of 0.1% year-over-year, mainly driven lower by falling energy prices. Oil prices suffered sharp declines due to oversupply concerns.

For the 12-month period ended December 2018, the Fund's overweight to and security selection within high yield corporates detracted from performance. The asset class came under pressure during

the 4th quarter as spreads widened due to falling oil prices and concerns around slowing global growth. An underweight position to Treasuries also detracted. Treasuries benefited from a flight to quality during the 4th quarter, amid increased volatility in risk assets. Lastly, security selection within high-quality mortgage-backed securities (MBS) detracted from relative performance.

The Fund's overweight to asset-backed securities (ABS) was the largest contributor to relative performance. Notable contributions came from the Fund's positioning in 'A' and 'BBB' rated ABS. Over the year we have found relative value in credit card, auto-related, equipment dealer and franchise-related ABS. An overweight to and security selection within commercial mortgage-backed securities (CMBS) also contributed over the period. We continue to favor structured products, which we believe tend to have less international exposure and be less affected by global weakness than corporate bonds.

The Fund's portfolio is actively managed and, therefore, its holdings and the weightings of a particular issuer or particular sector as a percentage of portfolio assets are subject to change. Sectors may include many industries.

¹ The Bloomberg Barclays U.S. Universal® Index represents the union of the U.S. Aggregate Index, the U.S. High Yield Corporate Index, the 144A Index, the Eurodollar Index, the Emerging Markets Index, and the non-ERISA portion of the CMBS Index. Municipal debt, private placements, and non-dollar-denominated issues are excluded from the Universal Index. The only constituent of the Index that includes floating-rate debt is the Emerging Markets Index.

Unless otherwise specified, indexes reflect total return, with all dividends reinvested. Indexes are unmanaged, do not reflect the deduction of fees or expenses, and are not available for direct investment.

Important Performance and Other Information
Performance data quoted in the following pages reflect past performance and are no guarantee of future results. Current performance may be higher or lower than the performance quoted. The investment return and principal value of an investment in the Fund will fluctuate so that shares, on any given day or when redeemed, may be worth more or less than their original cost. You can obtain performance data current to the most recent month end by calling Lord Abbett at 888-522-2388 or referring to www.lordabbett.com.

During certain periods shown, expense waivers and reimbursements were in place. Without such expense waivers and reimbursements, the Fund's returns would have been lower.

The annual commentary above discusses the views of the Fund's management and various portfolio holdings of the Fund as of December 31, 2018. These views and portfolio holdings may have changed after this date. Information provided in the commentary is not a recommendation to buy or sell securities. Because the Fund's portfolio is actively managed and may change significantly, the Fund may no longer own the securities described above or may have otherwise changed its position in the securities. For more recent information about the Fund's portfolio holdings, please visit www.lordabbett.com.

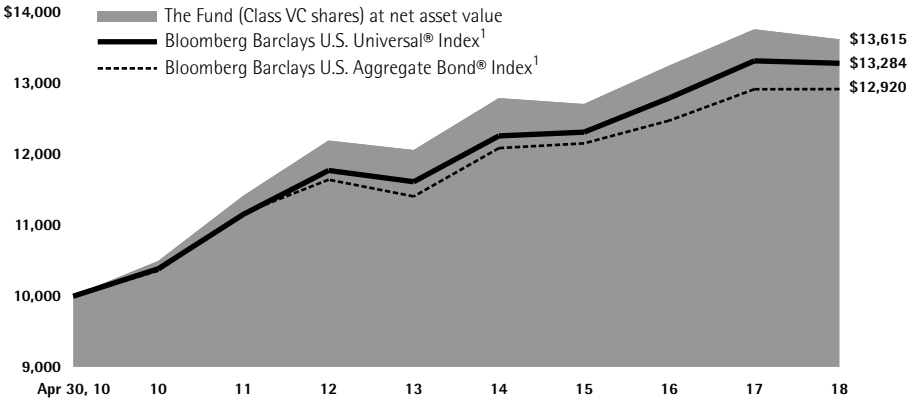

A Note about Risk: See Notes to Financial Statements for a discussion of investment risks. For a more detailed discussion of the risks associated with the Fund, please see the Fund's prospectus.

Mutual funds are not insured by the FDIC, are not deposits or other obligations of, or guaranteed by, banks, and are subject to investment risks including possible loss of principal amount invested.

The Fund serves as an underlying investment vehicle for variable annuity contracts and variable life insurance policies.

Investment Comparison

Below is a comparison of a \$10,000 investment in Class VC shares with the same investment in both the Bloomberg Barclays U.S. Universal® Index and the Bloomberg Barclays U.S. Aggregate Bond® Index, assuming reinvestment of all dividends and distributions. The Fund's shares are sold only to insurance company separate accounts that fund certain variable annuity and variable life contracts. The line graph comparison does not reflect the sales charges or other expenses of these contracts. If those sales charges and expenses were reflected, returns would be lower. The graph and performance table below do not reflect the deduction of taxes that a shareholder would pay on Fund distributions or the redemption of Fund shares. During the period, expenses of the Fund were waived or reimbursed by Lord Abbett; without such waiver or reimbursement of expenses, the Fund's returns would have been lower. **Past performance is no guarantee of future results.**

Average Annual Total Returns for the Periods Ended December 31, 2018

	1 Year	5 Years	Life of Class
Class VC ²	-1.03%	2.47%	3.62%

¹ Performance for each unmanaged index does not reflect any fees or expenses. The performance of each index is not necessarily representative of the Fund's performance. Performance for each index began on May 1, 2010.

² The Class VC shares commenced operations on April 16, 2010. Performance for the Class began on May 1, 2010.

Expense Example

As a shareholder of the Fund, you incur ongoing costs, including management fees; expenses related to the Fund's services arrangements with certain insurance companies; and other Fund expenses. This Example is intended to help you understand your ongoing costs (in dollars) of investing in the Fund and to compare these costs with the ongoing costs of investing in other mutual funds.

The Example is based on an investment of \$1,000 invested at the beginning of the period and held for the entire period (July 1, 2018 through December 31, 2018).

The Example reflects only expenses that are deducted from the assets of the Fund. Fees and expenses, including sales charges applicable to the various insurance products that invest in the Fund, are not reflected in this Example. If such fees and expenses were reflected in the Example, the total expenses shown would be higher. Fees and expenses regarding such variable insurance products are separately described in the prospectus related to those products.

Actual Expenses

The first line of the table on the following page provides information about actual account values and actual expenses. You may use the information in this line, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line under the heading titled "Expenses Paid During Period 7/1/18 – 12/31/18" to estimate the expenses you paid on your account during this period.

Hypothetical Example for Comparison Purposes

The second line of the table on the following page provides information about hypothetical account values and hypothetical expenses based on the Fund's actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in the Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds.

Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional costs, such as sales charges. Therefore, the second line of the table is useful in comparing ongoing costs only, and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher.

	<u>Beginning Account Value</u>	<u>Ending Account Value</u>	<u>Expenses Paid During Period[†]</u>
	<u>7/1/18</u>	<u>12/31/18</u>	<u>7/1/18 - 12/31/18</u>
Class VC			
Actual	\$1,000.00	\$1,008.50	\$3.49
Hypothetical (5% Return Before Expenses)	\$1,000.00	\$1,021.73	\$3.52

[†] Net expenses are equal to the Fund's annualized expense ratio of 0.69%, multiplied by the average account value over the period, multiplied by 184/365 (to reflect one-half year period).

ARS Argentine Peso.

BADLAR Banco de la Republica Argentina.

IO Interest Only.

LIBOR London Interbank Offered Rate.

PIK Payment-in-kind.

[†] Security was purchased pursuant to Rule 144A under the Securities Act of 1933 and, unless registered under such Act or exempted from registration, may only be resold to qualified institutional buyers.

[#] Variable rate security. The interest rate represents the rate in effect at December 31, 2018.

^(a) Interest rate is based on the weighted average interest rates of the underlying mortgages within the mortgage pool.

^(b) Foreign security traded in U.S. dollars.

^(c) Variable Rate is Fixed to Float: Rate remains fixed until designated future date.

^(d) Defaulted (non-income producing security).

^(e) Investment in non-U.S. dollar denominated securities.

^(f) To-be-announced ("TBA"). Security purchased on a forward commitment basis with an approximate principal and maturity date. Actual principal and maturity will be determined upon settlement when the specific mortgage pools are assigned.

^(g) Level 3 Investment as described in Note 2(k) in the Notes to Financials. Security valued utilizing third party pricing information without adjustment. Such valuations are based on unobservable inputs. A significant change in third party information could result in a significantly lower or higher value of such Level 3 investments.

^(h) Treasury Inflation Protected Security. A U.S. Treasury Note or Bond that offers protection from inflation by paying a fixed rate of interest on principal amount that is adjusted for inflation based on the Consumer Price Index.

⁽ⁱ⁾ Liabilities in Excess of Cash and Other Assets include net unrealized appreciation/depreciation on futures contracts as follows:

Treasury Bond	March 2019	130	Short	(19,996,944)	(20,885,313)	<u>(888,369)</u>
<i>Total Unrealized Depreciation on Open Futures Contracts</i>						<u>\$(1,158,886)</u>

Schedule of Investments (continued)

December 31, 2018

The following is a summary of the inputs used as of December 31, 2018 in valuing the Fund's investments carried at fair value⁽¹⁾:

Investment Type ⁽²⁾⁽³⁾	Level 1	Level 2	Level 3	Total
Long-Term Investments				
Asset-Backed Securities	\$ -	\$ 182,607,115	\$ -	\$ 182,607,115
Corporate Bonds	-	139,754,456	-	139,754,456
Foreign Government Obligations	-	15,506,530	-	15,506,530
Government Sponsored Enterprises				
Collateralized Mortgage Obligations	-	8,910,216	-	8,910,216
Government Sponsored Enterprises				
Pass-Throughs	-	201,573,176	-	201,573,176
Municipal Bonds	-	810,334	-	810,334
Non-Agency Commercial				
Mortgage-Backed Securities	-	29,183,111	392,209	29,575,320
U.S. Treasury Obligations	-	93,327,128	-	93,327,128
Short-Term Investments				
Government Sponsored Enterprises				
Securities	-	23,298,974	-	23,298,974
Repurchase Agreement	-	15,811,479	-	15,811,479
U.S. Treasury Obligation	-	50,645,790	-	50,645,790
Total	\$ -	\$ 761,428,309	\$ 392,209	\$ 761,820,518
Other Financial Instruments				
Futures Contracts				
Assets	\$ 2,125,344	\$ -	\$ -	\$ 2,125,344
Liabilities	(1,158,886)	-	-	(1,158,886)
Total	\$ 966,458	\$ -	\$ -	\$ 966,458

⁽¹⁾ Refer to Note 2(k) for a description of fair value measurements and the three-tier hierarchy of inputs.

⁽²⁾ See Schedule of Investments for fair values in each industry and identification of foreign issuers and/or geography. The table above is presented by Investment Type. Industries are presented within an Investment Type should such Investment Type include securities classified as two or more levels within the three-tier fair value hierarchy. Each Level 3 security is identified on the Schedule of Investments along with the valuation technique utilized.

⁽³⁾ There were no Level 1/Level 2 transfers during the fiscal year ended December 31, 2018.

Schedule of Investments (concluded)

December 31, 2018

The following is a reconciliation of investments with unobservable inputs (Level 3) that were used in determining fair value:

Investment Type	Asset-Backed Securities	Non-Agency Commercial Mortgage-Backed Securities
Balance as of January 1, 2018	\$ 4,488,220	\$ -
Accrued Discounts (Premiums)	-	508
Realized Gain (Loss)	10,063	-
Change in Unrealized Appreciation (Depreciation)	45	32,283
Purchases	-	-
Sales	(1,742,063)	-
Transfers into Level 3	-	359,418
Transfers out of Level 3	(2,756,265)	-
Balance as of December 31, 2018	\$ -	\$392,209
Change in unrealized appreciation/depreciation for period ended December 31, 2018, related to Level 3 investments held at December 31, 2018	\$ -	\$ 32,283

Statement of Assets and Liabilities

December 31, 2018

ASSETS:

Investments in securities, at fair value (cost \$767,295,992)	\$761,820,518
Cash	1,440
Deposits with brokers for futures collateral	565,032
Receivables:	
Interest and dividends	3,437,939
Investment securities sold	2,030,703
Capital shares sold	143,873
From advisor (See Note 3)	114,508
Prepaid expenses	2,340
Total assets	768,116,353

LIABILITIES:

Payables:	
Investment securities purchased	201,078,304
Capital shares reacquired	4,697,711
Management fee	215,940
Directors' fees	45,613
Variation margin on futures contracts	26,711
Fund administration	19,195
Accrued expenses	422,606
Total liabilities	206,506,080

NET ASSETS \$561,610,273

COMPOSITION OF NET ASSETS:

Paid-in capital	\$589,663,069
Total distributable earnings (loss)	(28,052,796)
Net Assets	\$561,610,273
Outstanding shares (50 million shares of common stock authorized, \$.001 par value)	35,180,457
Net asset value, offering and redemption price per share (Net assets divided by outstanding shares)	\$15.96

Statement of Operations

For the Year Ended December 31, 2018

Investment income:

Interest and other	\$ 19,047,989
Interest earned from Interfund Lending (See Note 11)	769
Total investment income	19,048,758

Expenses:

Management fee	2,537,051
Non 12b-1 service fees	1,409,782
Shareholder servicing	604,718
Fund administration	225,516
Reports to shareholders	69,802
Professional	54,272
Custody	21,008
Directors' fees	19,537
Other	60,189
Gross expenses	5,001,875
Expense reductions (See Note 9)	(13,185)
Fees waived and expenses reimbursed (See Note 3)	(1,189,244)

Net expenses	3,799,446

16.25	(0.66)	0.64	0.89	2.11	390,155	432
16.85	6.08	0.64	0.90	1.87	317,732	466

Notes to Financial Statements

1. ORGANIZATION

Lord Abbett Series Fund, Inc. (the "Company") is registered under the Investment Company Act of 1940, as amended (the "Act"), as a diversified, open-end management investment company and was incorporated under Maryland law in 1989. The Company consists of twelve separate portfolios. This report covers Total Return Portfolio (the "Fund").

The Fund's investment objective is to seek income and capital appreciation to produce a high total return. The Fund has Variable Contract class shares ("Class VC Shares"), which are currently issued and redeemed only in connection with investments in, and payments under, variable annuity contracts and variable life insurance policies issued by life insurance and insurance-related companies.

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets from operations during the reporting period. Actual results could differ from those estimates. The Fund is considered an investment company under U.S. GAAP and follows the accounting and reporting guidance applicable to investment companies.

2. SIGNIFICANT ACCOUNTING POLICIES

(a) **Investment Valuation**—Under procedures approved by the Fund's Board of Directors (the "Board"), Lord, Abbett & Co. LLC ("Lord Abbett"), the Fund's investment manager, has formed a Pricing Committee to administer the pricing and valuation of portfolio investments and to ensure that prices utilized reasonably reflect fair value. Among other things, these procedures allow the Fund to utilize independent pricing services, quotations from securities and financial instrument dealers and other market sources to determine fair value.

Securities actively traded on any recognized U.S. or non-U.S. exchange or on The NASDAQ Stock Market LLC are valued at the last sale price or official closing price on the exchange or system on which they are principally traded. Events occurring after the close of trading on non-U.S. exchanges may result in adjustments to the valuation of foreign securities to reflect their fair value as of the close of regular trading on the New York Stock Exchange. The Fund may utilize an independent fair valuation service in adjusting the valuations of foreign securities. Unlisted equity securities are valued at the last quoted sale price or, if no sale price is available, at the mean between the most recently quoted bid and asked prices. Fixed income securities are valued based on evaluated prices supplied by independent pricing services, which reflect broker/dealer supplied valuations and the independent pricing services' own electronic data processing techniques. Exchange traded options and futures contracts are valued at the last quoted sale price in the market where they are principally traded. If no sale has occurred, the mean between the most recently quoted bid and asked prices is used.

Securities for which prices are not readily available are valued at fair value as determined by the Pricing Committee. The Pricing Committee considers a number of factors, including observable and unobservable inputs, when arriving at fair value. The Pricing Committee may use related or comparable assets or liabilities, recent transactions, market multiples, book values, yield curves, broker quotes, observable trading activity, option adjusted spread models and other relevant information to determine the fair value of portfolio investments. The Board or a designated committee thereof regularly reviews fair value determinations made by the

Notes to Financial Statements (continued)

Pricing Committee and may employ techniques such as reviewing related market activity, reviewing inputs and assumptions, and retrospectively comparing prices of subsequent purchases and sales transactions to fair value determinations made by the Pricing Committee.

Short-term securities with 60 days or less remaining to maturity are valued using the amortized cost method, which approximates fair value.

- (b) **Security Transactions**—Security transactions are recorded as of the date that the securities are purchased or sold (trade date). Realized gains and losses on sales of portfolio securities are calculated using the identified-cost method.
- (c) **Investment Income**—Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis as earned. Discounts are accreted and premiums are amortized using the effective interest method and are included in Interest and other income on the Statement of Operations. Withholding taxes on foreign dividends have been provided for in accordance with the applicable country's tax rules and rates.
- (d) **Income Taxes**—It is the policy of the Fund to meet the requirements of Subchapter M of the Internal Revenue Code applicable to regulated investment companies and to distribute substantially all taxable income and capital gains to its shareholders. Therefore, no income tax provision is required.

The Fund files U.S. federal and various state and local tax returns. No income tax returns are currently under examination. The statute of limitations on the Fund's filed U.S. federal tax returns remains open for the fiscal years ended December 31, 2015 through December 31, 2018. The statutes of limitations on the Company's state and local tax returns may remain open for an additional year depending upon the jurisdiction.

- (e) **Expenses**—Expenses incurred by the Company that do not specifically relate to an individual fund are generally allocated to the funds within the Company on a pro rata basis by relative net assets.
- (f) **Foreign Transactions**—The books and records of the Fund are maintained in U.S. dollars and transactions denominated in foreign currencies are recorded in the Fund's records at the rate prevailing when earned or recorded. Asset and liability accounts that are denominated in foreign currencies are adjusted daily to reflect current exchange rates and any unrealized gain (loss), if applicable, is included in Net change in unrealized appreciation/depreciation on translation of assets and liabilities denominated in foreign currencies in the Fund's Statement of Operations. The resultant exchange gains and losses upon settlement of such transactions are included in Net realized gain (loss), if applicable, on foreign currency related transactions in the Fund's Statement of Operations. The Fund does not isolate that portion of the results of operations arising as a result of changes in the foreign exchange rates from the changes in market prices of the securities.

The Fund uses foreign currency exchange contracts to facilitate transactions in foreign-denominated securities. Losses from these transactions may arise from changes in the value of the foreign currency or if the counterparties do not perform under the contracts' terms.

- (g) **Futures Contracts**—The Fund may purchase and sell futures contracts to enhance returns, to attempt to economically hedge some of its investment risk, or as a substitute position in lieu of holding the underlying asset on which the instrument is based. At the time of entering into a futures transaction, an investor is required to deposit and maintain a specified amount of

Notes to Financial Statements (continued)

cash or eligible securities called "initial margin." Subsequent payments made or received by the Fund called "variation margin" are made on a daily basis as the market price of the futures contract fluctuates. The Fund will record an unrealized gain (loss) based on the amount of variation margin. When a contract is closed, a realized gain (loss) is recorded equal to the difference between the opening and closing value of the contract.

- (h) **Repurchase Agreements**—The Fund may enter into repurchase agreements with respect to securities. A repurchase agreement is a transaction in which a fund acquires a security and simultaneously commits to resell that security to the seller (a bank or securities dealer) at an agreed-upon price on an agreed-upon date. The Fund requires at all times that the repurchase agreement be collateralized by cash, or by securities of the U.S. Government, its agencies, its instrumentalities, or U.S. Government sponsored enterprises having a value equal to, or in excess of, the value of the repurchase agreement (including accrued interest). If the seller of the agreement defaults on its obligation to repurchase the underlying securities at a time when the fair value of these securities has declined, the Fund may incur a loss upon disposition of the securities.
- (i) **When-Issued, Forward Transactions or To-Be-Announced ("TBA") Transactions**—The Fund may purchase portfolio securities on a when-issued or forward basis. When-issued, forward transactions or TBA transactions involve a commitment by a fund to purchase securities, with payment and delivery ("settlement") to take place in the future, in order to secure what is considered to be an advantageous price or yield at the time of entering into the transaction. During the period between purchase and settlement, the fair value of the securities will fluctuate and assets consisting of cash and/or marketable securities (normally short-term U.S. Government or U.S. Government sponsored enterprise securities) marked to market daily in an amount sufficient to make payment at settlement will be segregated at the Fund's custodian in order to pay for the commitment. At the time the Fund makes the commitment to purchase a security on a when-issued basis, it will record the transaction and reflect the liability for the purchase and fair value of the security in determining its net asset value ("NAV"). The Fund, generally, has the ability to close out a purchase obligation on or before the settlement date rather than take delivery of the security. Under no circumstances will settlement for such securities take place more than 120 days after the purchase date.
- (j) **Mortgage Dollar Rolls**—The Fund may enter into mortgage dollar rolls in which a Fund sells mortgage-backed securities for delivery in the current month and simultaneously contracts with the same counterparty to repurchase similar (same type, coupon and maturity) but not identical securities on a specified future date. During the roll period, the Fund loses the right to receive principal (including prepayments of principal) and interest paid on the securities sold.
- (k) **Fair Value Measurements**—Fair value is defined as the price that the Fund would receive upon selling an investment or transferring a liability in an orderly transaction to an independent buyer in the principal or most advantageous market of the investment. A three-tier hierarchy is used to maximize the use of observable market data and minimize the use of unobservable inputs and to establish classification of fair value measurements for disclosure purposes. Inputs refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk—for example, the risk inherent in a particular valuation technique used to measure fair value (such as a pricing model) and/or the risk inherent in the inputs to the valuation technique. Inputs may be observable or unobservable. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability. Observable inputs are

Notes to Financial Statements (continued)

based on market data obtained from sources independent of the reporting entity. Unobservable inputs reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability. Unobservable inputs are based on the best information available in the circumstances. The three-tier hierarchy classification is determined based on the lowest level of inputs that is significant to the fair value measurement, and is summarized in the three broad Levels listed below:

- Level 1 – unadjusted quoted prices in active markets for identical investments;
- Level 2 – other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.); and
- Level 3 – significant unobservable inputs (including the Fund's own assumptions in determining the fair value of investments).

A summary of inputs used in valuing the Fund's investments as of December 31, 2018 and, if applicable, Level 1/Level 2 transfers and Level 3 rollforwards for the fiscal year then ended is included in the Fund's Schedule of Investments.

Changes in valuation techniques may result in transfers into or out of an assigned level within the three-tier hierarchy. All transfers between different levels within the three-tier hierarchy are deemed to have occurred as of the beginning of the reporting period. The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

3. MANAGEMENT FEE AND OTHER TRANSACTIONS WITH AFFILIATES

Management Fee

The Company has a management agreement with Lord Abbett, pursuant to which Lord Abbett supplies the Fund with investment management services and executive and other personnel, provides office space and pays for ordinary and necessary office and clerical expenses relating to research and statistical work and supervision of the Fund's investment portfolio.

The management fee is based on the Fund's average daily net assets at the following annual rate:

First \$1 billion	.45%
Next \$1 billion	.40%
Over \$2 billion	.35%

For the fiscal year ended December 31, 2018, the effective management fee, net of waivers, was at an annualized rate of .24% of the Fund's average daily net assets.

In addition, Lord Abbett provides certain administrative services to the Fund pursuant to an Administrative Services Agreement in return for a fee at an annual rate of .04% of the Fund's average daily net assets.

Effective May 1, 2018 and continuing through April 30, 2019, Lord Abbett has contractually agreed to waive its fees and reimburse expenses to the extent necessary to limit total net annual operating expenses to an annual rate of .69%. This agreement may be terminated only upon the approval of the Board. Prior to May 1, 2018, Lord Abbett contractually agreed to waive its fees and reimburse expenses to the extent necessary to limit total net annual operating expenses to an annual rate of .64%.

The Company, on behalf of the Fund, has entered into services arrangements with certain insurance companies. Under these arrangements, certain insurance companies will be

Notes to Financial Statements (continued)

compensated up to .25% of the average daily net asset value ("NAV") of the Fund's Class VC Shares held in the insurance company's separate account to service and maintain the Variable Contract owners' accounts. This amount is included in Non 12b-1 service fees on the Statement of Operations. The Fund may also compensate certain insurance companies, third-party administrators and other entities for providing recordkeeping, sub-transfer agency and other administrative services to the Fund. This amount is included in Shareholder servicing on the Statement of Operations.

One Director and certain of the Company's officers have an interest in Lord Abbett.

4. DISTRIBUTIONS AND CAPITAL LOSS CARRYFORWARDS

Dividends from net investment income, if any, are declared and paid at least semi-annually. Taxable net realized gains from investment transactions, reduced by allowable capital loss carryforwards, if any, are declared and distributed to shareholders at least annually. The capital loss carryforward amount, if any, is available to offset future net capital gains. Dividends and distributions to shareholders are recorded on the ex-dividend date. The amounts of dividends and distributions from net investment income and net realized capital gains are determined in accordance with federal income tax regulations, which may differ from U.S. GAAP. These book/tax differences are either considered temporary or permanent in nature. To the extent these differences are permanent in nature, such amounts are reclassified within the components of net assets based on their federal tax basis treatment; temporary differences do not require reclassification. Dividends and distributions that exceed earnings and profits for tax purposes are reported as a tax return of capital.

The tax character of distributions paid during the fiscal years ended December 31, 2018 and 2017, was as follows:

	Year Ended 12/31/2018	Year Ended 12/31/2017
Distributions paid from:		
Ordinary income	\$18,110,707	\$13,065,635
Total distributions paid	\$18,110,707	\$13,065,635

As of December 31, 2018, the components of accumulated losses on a tax-basis were as follows:

Undistributed ordinary income – net	\$ 15,288
Total undistributed earnings	15,288
Capital loss carryforwards*	(18,973,335)
Temporary differences	(45,613)
Unrealized losses – net	(9,049,136)
Total accumulated losses – net	\$(28,052,796)

* The capital losses will carry forward indefinitely.

As of December 31, 2018, the aggregate unrealized security gains and losses on investments and other financial instruments based on cost for U.S. federal income tax purposes were as follows:

Tax cost	\$771,836,041
Gross unrealized gain	6,539,500
Gross unrealized loss	(15,588,556)
Net unrealized security loss	\$ (9,049,056)

The difference between book-basis and tax-basis unrealized gains (losses) is attributable to the tax treatment of other financial instruments, premium amortization and wash sales.

Notes to Financial Statements (continued)

5. PORTFOLIO SECURITIES TRANSACTIONS

Purchases and sales of investment securities (excluding short-term investments) for the fiscal year ended December 31, 2018 were as follows:

U.S. Government Purchases	Non-U.S. Government Purchases	U.S. Government Sales	Non-U.S. Government Sales
\$3,515,710,890	\$407,283,655	\$3,486,016,286	\$333,798,096

The Fund is permitted to purchase and sell securities ("cross-trade") from and to other Lord Abbett funds or client accounts pursuant to procedures approved by the Board in compliance with Rule 17a-7 under the Act (the "Rule"). Each cross-trade is executed at a fair market price in compliance with provisions of the Rule. For the fiscal year ended December 31, 2018, the Fund engaged in cross-trade purchases of \$1,071,956 and sales of \$1,123,449, which resulted in net realized gains of \$47,691.

6. DISCLOSURES ABOUT DERIVATIVE INSTRUMENTS AND HEDGING ACTIVITIES

The Fund entered into U.S. Treasury futures contracts for the fiscal year ended December 31, 2018 (as described in note 2(g)) to hedge against changes in interest rates. The Fund bears the risk of interest rates moving unexpectedly, in which case the Fund may not achieve the anticipated benefits of the futures contracts and realize a loss. There is minimal counterparty credit risk to the Fund since futures are exchange traded and the exchange's clearinghouse, as counterparty to all exchange traded futures, guarantees futures against default.

As of December 31, 2018, the Fund had futures contracts with unrealized appreciation of \$2,125,344 and depreciation of \$(1,158,886) which is included in the Schedule of Investments. Only current day's variation margin is reported within the Fund's Statement of Assets and Liabilities. Net realized loss of \$(671,026) and net change in unrealized appreciation/depreciation of \$1,091,607 are included on the Statement of Operations related to futures contracts under the captions Net realized loss on futures contracts and Net change in unrealized appreciation/depreciation on futures contracts, respectively. The average number of futures contracts throughout the fiscal year was 514.

7. DISCLOSURES ABOUT OFFSETTING ASSETS AND LIABILITIES

The Financial Accounting Standards Board ("FASB") requires disclosures intended to help better assess the effect or potential effect of offsetting arrangements on a fund's financial position. The following tables illustrate gross and net information about recognized assets and liabilities eligible for offset in the statement of assets and liabilities; and disclose such amounts subject to an enforceable master netting agreement or similar agreement, by counterparty. A master netting agreement is an agreement between a fund and a counterparty which provides for the net settlement of amounts owed under all contracts traded under that agreement, as well as cash collateral, through a single payment by one party to the other in the event of default on or termination of any one contract. The Fund's accounting policy with respect to balance sheet offsetting is that, absent an event of default by the counterparty or a termination of the agreement, the master netting agreement does not result in an offset of reported amounts of financial assets and liabilities in the statement of assets and liabilities across transactions between the Fund and the applicable counterparty:

Notes to Financial Statements (continued)

Description	Gross Amounts of Recognized Assets	Gross Amounts Offset in the Statement of Assets and Liabilities	Net Amounts of Assets Presented in the Statement of Assets and Liabilities
Repurchase Agreement	\$15,811,479	\$ -	\$15,811,479
Total	\$15,811,479	\$ -	\$15,811,479

Counterparty	Net Amounts of Assets Presented in the Statement of Assets and Liabilities	Amounts Not Offset in the Statement of Assets and Liabilities			Net Amount ^(b)
		Financial Instruments	Cash Collateral Received ^(a)	Securities Collateral Received ^(a)	
Fixed Income Clearing Corp.	\$15,811,479	\$ -	\$ -	\$(15,811,479)	\$ -
Total	\$15,811,479	\$ -	\$ -	\$(15,811,479)	\$ -

^(a) Collateral disclosed is limited to an amount not to exceed 100% of the net amount of assets presented in the Statement of Assets and Liabilities, for each respective counterparty.

^(b) Net amount represents the amount owed to the Fund by the counterparty as of December 31, 2018.

8. DIRECTORS' REMUNERATION

The Company's officers and one Director, who are associated with Lord Abbett, do not receive any compensation from the Company for serving in such capacities. Independent Directors' fees are allocated among all Lord Abbett-sponsored funds based on the net assets of each fund. There is an equity-based plan available to all Independent Directors under which Independent Directors must defer receipt of a portion of, and may elect to defer receipt of an additional portion of Directors' fees. The deferred amounts are treated as though equivalent dollar amounts had been invested in the funds. Such amounts and earnings accrued thereon are included in Directors' fees on the Statement of Operations and in Directors' fees payable on the Statement of Assets and Liabilities and are not deductible for U.S. federal income tax purposes until such amounts are paid.

9. EXPENSE REDUCTIONS

The Company has entered into an arrangement with its transfer agent and custodian, whereby credits realized as a result of uninvested cash balances are used to reduce a portion of the Fund's expenses.

10. LINE OF CREDIT

During the period ended August 8, 2018, the Fund and certain other funds managed by Lord Abbett (collectively, the "Participating Funds") participated in a syndicated line of credit facility with various lenders for \$600 million (the "Facility"), whereas State Street Bank and Trust Company ("SSB") participates as a lender and as agent for the lenders. The Facility is to be used for temporary or emergency purposes as an additional source of liquidity to satisfy redemptions. The Participating Funds are subject to graduated borrowing limits of one-third of Fund assets (if Fund assets are less than \$750 million), \$250 million, \$300 million, or \$350 million, based on past borrowings and likelihood of future borrowings. During the period ended August 8, 2018, the Fund did not utilize the Facility.

For the period August 9, 2018 through December 20, 2018, the Participating Funds entered into an amended syndicated line of credit facility with various lenders for \$1.06 billion (the "Syndicated Facility"), whereas SSB participates as a lender and as agent for the lenders. Under the Syndicated Facility, the Participating Funds are subject to graduated borrowing limits of one-third of Fund assets (if Fund assets are less than \$750 million), \$250 million, \$300 million, \$350 million, or \$1

Notes to Financial Statements (continued)

billion, based on past borrowings and likelihood of future borrowings. Effective December 21, 2018, the Participating Funds entered into an amended Syndicated Facility with various lenders for \$1.1 billion based on the same terms as described above.

Effective August 9, 2018, the Participating Funds entered into an additional line of credit facility with SSB for \$250 million (the "Bilateral Facility," and together with the Syndicated Facility, the "Facilities"). Under the Bilateral Facility, each Participating Fund may borrow up to the lesser of \$250 million or one-third of Fund assets. The Facilities are to be used for temporary or emergency purposes to satisfy redemption requests and manage liquidity.

For the period from August 9, 2018 through December 31, 2018, the Fund did not utilize the Facilities.

11. INTERFUND LENDING PROGRAM

Pursuant to an exemptive order issued by the U.S. Securities and Exchange Commission ("SEC exemptive order"), certain registered open-end management investment companies managed by Lord Abbett, including the Fund, participate in a joint lending and borrowing program (the "Interfund Lending Program"). The SEC exemptive order allows the Funds to borrow money from and lend money to each other for temporary or emergency purposes subject to the limitations and conditions.

During the year ended December 31, 2018, the Fund participated as a lender in the Interfund Lending Program. For the period in which the loan was outstanding, the average amount loaned, interest rate and interest income were as follows:

Average Loan	Average Interest Rate	Interest Income*
\$12,593,213	2.23%	769

* Included in the Statement of Operations

12. CUSTODIAN AND ACCOUNTING AGENT

SSB is the Company's custodian and accounting agent. SSB performs custodial, accounting and recordkeeping functions relating to portfolio transactions and calculating the Fund's NAV.

13. INVESTMENT RISKS

The Fund is subject to the general risks and considerations associated with investing in fixed income securities, including the risk that issuers will fail to make timely payments of principal or interest or default altogether. The value of an investment will change as interest rates fluctuate in response to market movements. When interest rates rise, the prices of fixed income securities are likely to decline; when interest rates fall, such prices tend to rise.

The Fund is subject to the risk of investing a significant portion of its assets in securities issued or guaranteed by the U.S. Government or its agencies and instrumentalities (such as the Government National Mortgage Association ("Ginnie Mae"), the Federal National Mortgage Association ("Fannie Mae"), or the Federal Home Loan Mortgage Corporation ("Freddie Mac")). Unlike Ginnie Mae securities, securities issued or guaranteed by U.S. Government-related organizations such as Fannie Mae and Freddie Mac are not backed by the full faith and credit of the U.S. Government and no assurance can be given that the U.S. Government would provide financial support to its agencies and instrumentalities if not required to do so by law. Consequently, the Fund may be required to look principally to the agency issuing or guaranteeing the obligation. In addition, the Fund may invest in non-agency asset backed and mortgage related securities, which are issued by private

Notes to Financial Statements (continued)

institutions, not by government-sponsored enterprises. Such securities may be particularly sensitive to changes in economic conditions, including delinquencies and/or defaults, and changes in prevailing interest rates. These changes can affect the value, income and/or liquidity of such positions. When interest rates are declining, the value of these securities with prepayment features may not increase as much as other fixed income securities. Early principal repayment may deprive the Fund of income payments above current market rates. The prepayment rate also will affect the price and volatility of these securities. In addition, securities of government sponsored enterprises are guaranteed with respect to the timely payment of interest and principal by the particular enterprises involved, not by the U.S. Government.

The lower-rated or high-yield bonds (also known as "junk" bonds) in which the Fund may invest are subject to greater price fluctuations, as well as additional risks. The market for below investment grade securities may be less liquid, which may make such securities more difficult to sell at an acceptable price, especially during periods of financial distress, increased market volatility, or significant market decline.

The Fund is subject to the risks associated with derivatives, which may be different from and greater than the risks associated with directly investing in securities. Derivatives may be subject to risks such as liquidity risk, leveraging risk, interest rate risk, market risk, and credit risk. Illiquid securities may lower the Fund's returns since the Fund may be unable to sell these securities at their desired time or price. Derivatives also may involve the risk of mispricing or improper valuation and the risk that changes in the value of the derivative may not correlate perfectly with the value of the underlying asset, rate or index. Whether the Fund's use of derivatives is successful will depend on, among other things, the Fund's ability to correctly forecast market movements, changes in foreign exchange and interest rates, and other factors. Losses may also arise from the failure of a derivative counterparty to meet its contractual obligations. If the Fund incorrectly forecasts these and other factors, its performance could suffer.

The Fund's investment exposure to foreign (which may include emerging market) companies presents increased market, industry and sector, liquidity, currency, political, information and other risks. As compared with companies organized and operated in the U.S., these companies may be more vulnerable to economic, political and social instability and subject to less government supervision, lack of transparency, inadequate regulatory and accounting standards, and foreign taxes. The securities of foreign companies also may be subject to inadequate exchange control regulations, the imposition of economic sanctions or other government restrictions, higher transaction and other costs, and delays in settlement to the extent they are traded on non-U.S. exchanges or markets. The cost of the Fund's use of forward foreign currency exchange contracts varies with factors such as the currencies involved, the length of the contract period and the market conditions prevailing. The Fund's exposure to inflation-linked investments, such as Treasury Inflation Protected Securities, may be vulnerable to changes in expectations of inflation or interest rates.

The Fund may invest in floating rate or adjustable rate senior loans, which are subject to increased credit and liquidity risks. Senior loans are business loans made to borrowers that may be U.S. or foreign corporations, partnerships or other business entities. The senior loans in which the Fund invests may consist primarily of senior loans that are rated below investment grade or, if unrated, deemed by Lord Abbett to be equivalent to below investment grade securities. Below investment grade senior loans, as in the case of high-yield debt securities, or junk bonds, are usually more credit sensitive than interest rate sensitive, although the value of these instruments may be

Notes to Financial Statements (concluded)

impacted by broader interest rate swings in the overall fixed income market. In addition, senior loans may be subject to structural subordination.

These factors can affect the Fund's performance.

14. SUMMARY OF CAPITAL TRANSACTIONS

Transactions in shares of capital stock were as follows:

	Year Ended December 31, 2018	Year Ended December 31, 2017
Shares sold	6,114,426	8,429,040
Reinvestment of distributions	1,139,038	788,496
Shares reacquired	(5,360,418)	(3,155,253)
Increase	1,893,046	6,062,283

Report of Independent Registered Public Accounting Firm

To the shareholders and the Board of Directors of Lord Abbett Series Fund, Inc.:

Opinion on the Financial Statements and Financial Highlights

We have audited the accompanying statement of assets and liabilities, including the schedule of investments, of the Total Return Portfolio, one of the portfolios constituting the Lord Abbett Series Fund, Inc. (the "Fund"), as of December 31, 2018, the related statement of operations for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, the financial highlights for each of the five years in the period then ended, and the related notes. In our opinion, the financial statements and financial highlights present fairly, in all material respects, the financial position of the Total Return Portfolio of the Fund as of December 31, 2018, and the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements and financial highlights are the responsibility of the Fund's management. Our responsibility is to express an opinion on the Fund's financial statements and financial highlights based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Fund in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement, whether due to error or fraud. The Fund is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements and financial highlights, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements and financial highlights. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements and financial highlights. Our procedures included confirmation of securities owned as of December 31, 2018, by correspondence with the custodian and brokers; when replies were not received from brokers, we performed other auditing procedures. We believe that our audits provide a reasonable basis for our opinion.

DELOITTE & TOUCHE LLP

New York, New York

February 15, 2019

We have served as the auditor of one or more Lord Abbett Family of Funds' investment companies since 1932.

Basic Information About Management

The Board is responsible for the management of the business and affairs of the Company in accordance with the laws of the State of Maryland. The Board elects officers who are responsible for the day-to-day operations of the Fund and who execute policies authorized by the Board. The Board also approves an investment adviser to the Fund and continues to monitor the cost and quality of the services the investment adviser provides, and annually considers whether to renew the contract with the adviser. Generally, each Director holds office until his/her successor is elected and qualified or until his/her earlier resignation or removal, as provided in the Company's organizational documents.

Lord Abbett, a Delaware limited liability company, is the Fund's investment adviser. Designated Lord Abbett personnel are responsible for the day-to-day management of the Fund.

Interested Directors

Mr. Sieg is affiliated with Lord Abbett and is an "interested person" of the Company as defined in the Act. Mr. Sieg is director/trustee of each of the 13 investment companies in the Lord Abbett Family of Funds, which consist of 62 portfolios or series. Mr. Sieg is an officer of the Lord Abbett Family of Funds.

Name, Address and Year of Birth	Current Position and Length of Service with the Company	Principal Occupation and Other Directorships During the Past Five Years
Douglas B. Sieg Lord, Abbett & Co. LLC 90 Hudson Street Jersey City, NJ 07302 (1969)	Director since 2016; President and Chief Executive Officer since 2018	Principal Occupation: Managing Partner (since 2018) and was formerly Head of Client Services, joined Lord Abbett in 1994. Other Directorships: None.

Independent Directors

The following Independent Directors also are directors/trustees of each of the 13 investment companies in the Lord Abbett Family of Funds, which consist of 62 portfolios or series.

Name, Address and Year of Birth	Current Position and Length of Service with the Company	Principal Occupation and Other Directorships During the Past Five Years

Approval of Advisory Contract

The Board, including all of the Directors who are not "interested persons" of the Company or of Lord Abbett, as defined in the Investment Company Act of 1940, as amended (the "Independent Directors"), annually considers whether to approve the continuation of the existing management agreement between the Fund and Lord Abbett (the "Agreement"). In connection with its most recent approval, which included the approval of a proposal to reduce the management fee schedule effective May 1, 2019, the Board reviewed materials relating specifically to the Agreement, as well as numerous materials received throughout the course of the year, including information about the Fund's investment performance compared to the performance of its benchmark. Before making its decision as to the Fund, the Board had the opportunity to ask questions and request further information, taking into account its knowledge of Lord Abbett gained through its meetings and discussions. These meetings and discussions included reviews of Fund performance conducted by members of the Contract Committee, the deliberations of the Contract Committee, and discussions between the Contract Committee and Lord Abbett's management. The Independent Directors also met with their independent legal counsel in various private sessions at which no representatives of management were present.

The materials received by the Board included, but were not limited to: (1) information provided by Broadridge Financial Solutions ("Broadridge") regarding the investment performance of the Fund compared to the investment performance of certain funds with similar investment styles as determined by Broadridge, based, in part, on the Fund's Morningstar category (the "performance peer group"), and the investment performance of two appropriate benchmarks; (2) information provided by Broadridge regarding the expense ratios, contractual and actual management fee rates, and other expense components for the Fund and certain funds in the same Morningstar category, with generally the same or similar share classes and operational characteristics, including asset size (the "expense peer group"); (3) certain supplemental investment performance information provided by Lord Abbett; (4) information provided by Lord Abbett on the expense ratios, management fee rates, and other expense components for the Fund; (5) sales and redemption information for the Fund; (6) information regarding Lord Abbett's financial condition; (7) an analysis of the relative profitability of the Agreement to Lord Abbett; (8) information provided by Lord Abbett regarding the investment management fee schedules for Lord Abbett's other advisory clients maintaining accounts with a similar investment strategy as the Fund; and (9) information regarding the personnel and other resources devoted by Lord Abbett to managing the Fund.

Investment Management and Related Services Generally. The Board considered the services provided by Lord Abbett to the Fund, including investment research, portfolio management, and trading, and Lord Abbett's commitment to compliance with all applicable legal requirements. The Board also observed that Lord Abbett was solely engaged in the investment management business and accordingly did not experience the conflicts of interest that may result from being engaged in other lines of business. The Board considered the investment advisory services provided by Lord Abbett to other clients, the fees charged for the services, and the differences in the nature of the services provided to the Fund and other Lord Abbett Funds, on the one hand, and the services provided to other clients, on the other. After reviewing these and related factors, the Board concluded that the Fund was likely to continue to benefit from the nature, extent and quality of the investment services provided by Lord Abbett under the Agreement.

Investment Performance. The Board reviewed the Fund's investment performance in relation to that of the performance peer group and two appropriate benchmarks as of various periods ended August 31, 2018. The Board observed that although the Fund's investment performance was below

Approval of Advisory Contract (continued)

the median of the performance peer group for the one-, three-, and five-year periods, the Fund outperformed both benchmarks for the one-, three-, and five-year periods. The Board considered Lord Abbett's performance and reputation generally, the performance of other Lord Abbett-managed funds overseen by the Board, and the willingness of Lord Abbett to take steps intended to improve performance when appropriate. After reviewing these and related factors, the Board concluded that the Fund's Agreement, as revised with a reduced management fee schedule effective May 1, 2019, should be continued.

Lord Abbett's Personnel and Methods. The Board considered the qualifications of the personnel providing investment management services to the Fund, in light of its investment objective and discipline, and other services provided to the Fund by Lord Abbett. Among other things, the Board considered the size, experience, and turnover of Lord Abbett's staff, Lord Abbett's investment methodology and philosophy, and Lord Abbett's approach to recruiting, training, and retaining personnel.

Nature and Quality of Other Services. The Board considered the nature, quality, and extent of compliance, administrative, and other services performed by Lord Abbett and the nature and extent of Lord Abbett's supervision of third party service providers, including the Fund's transfer agent and custodian.

Expenses. The Board considered the expense level of the Fund, including the contractual and actual management fee rates under the terms of the current Agreement, and the expense levels of the Fund's expense peer group. It also considered how the expense level of the Fund related to those of the expense peer group and the amount and nature of the fees paid by shareholders. The Board observed that the net total expense ratio of the Fund was below the median of the expense peer group. The Board further considered that the Fund's management fee schedule would be reduced, effective May 1, 2019. After reviewing these and related factors, the Board concluded, within the context of its overall approval of the Agreement, that the expense level of the Fund was reasonable and supported the continuation of the Agreement.

Profitability. The Board considered the level of Lord Abbett's operating margin in managing the Fund, including a review of Lord Abbett's methodology for allocating its costs to its management of the Fund. It considered whether the Fund was profitable to Lord Abbett in connection with the Fund's operation, including the fee that Lord Abbett receives from the Fund for providing administrative services to the Fund. The Board also considered the profits realized from other business segments of Lord Abbett, which may benefit from or be related to the Fund's business. The Board considered Lord Abbett's profit margins excluding Lord Abbett's marketing and distribution expenses. The Board also considered Lord Abbett's profit margins, without those exclusions, in comparison with available industry data and how those profit margins could affect Lord Abbett's ability to recruit and retain personnel. The Board recognized that Lord Abbett's overall profitability was a factor in enabling it to attract and retain qualified personnel to provide services to the Fund. After reviewing these and related factors, the Board concluded, within the context of its overall approval of the Agreement, that Lord Abbett's profitability with respect to the Fund was not excessive.

Economies of Scale. The Board considered the extent to which there had been economies of scale in managing the Fund, whether the Fund's shareholders had appropriately benefited from such economies of scale, and whether there was potential for realization of any further economies of scale. The Board concluded that the reduced management fee schedule, which included certain breakpoints in the management fee schedule, adequately addressed any economies of scale in managing the Fund.

Approval of Advisory Contract (concluded)

Other Benefits to Lord Abbett. The Board considered the amount and nature of the fees paid by the Fund and the Fund's shareholders to Lord Abbett for services other than investment advisory services, such as the fee that Lord Abbett receives from the Fund for providing administrative services to the Fund. The Board also considered the revenues and profitability of Lord Abbett's investment advisory business apart from its mutual fund business, and the intangible benefits enjoyed by Lord Abbett by virtue of its relationship with the Fund. The Board observed that the Distributor receives 12b-1 fees from certain of the Lord Abbett Funds as to shares held in accounts for which there is no other broker of record, may retain a portion of the 12b-1 fees it receives, and receives a portion of the sales charges on sales and redemptions of some classes of shares of the Lord Abbett Funds. In addition, the Board observed that Lord Abbett accrues certain benefits for its business of providing investment advice to clients other than the Lord Abbett Funds, but that business also benefits the Funds. The Board also noted that Lord Abbett, as disclosed in the prospectus of the Fund, has entered into revenue sharing arrangements with certain entities that distribute shares of the Lord Abbett Funds. The Board also took into consideration the investment research that Lord Abbett receives as a result of client brokerage transactions.

Alternative Arrangements. The Board considered whether, instead of approving continuation of the Agreement, it might be in the best interests of the Fund to implement one or more alternative arrangements, such as continuing to employ Lord Abbett, but on different terms. After considering all of the relevant factors, the Board unanimously found that continuation of the Agreement, as revised, was in the best interests of the Fund and its shareholders and voted unanimously to approve the continuation of the Agreement. In considering whether to approve the continuation of the Agreement, the Board did not identify any single factor as paramount or controlling. Individual Directors may have evaluated the information presented differently from one another, giving different weights to various factors. This summary does not discuss in detail all matters considered.

Householding

The Company has adopted a policy that allows it to send only one copy of the Fund's prospectus, proxy material, annual report and semiannual report to certain shareholders residing at the same "household." This reduces Fund expenses, which benefits you and other shareholders. If you need additional copies or do not want your mailings to be "householded," please call Lord Abbett at 888-522-2388 or send a written request with your name, the name of your fund or funds and your account number or numbers to Lord Abbett Family of Funds, P.O. Box 219336, Kansas City, MO 64121.

Proxy Voting Policies, Procedures and Records

A description of the policies and procedures that Lord Abbett uses to vote proxies related to the Fund's portfolio securities, and information on how Lord Abbett voted the Fund's proxies during the 12-month period ended June 30 are available without charge, upon request, (i) by calling 888-522-2388; (ii) on Lord Abbett's Website at www.lordabbett.com; and (iii) on the Securities and Exchange Commission's ("SEC") Website at www.sec.gov.

Shareholder Reports and Quarterly Portfolio Disclosure

The Fund is required to file its complete schedule of portfolio holdings with the SEC for its first and third fiscal quarters on Form N-Q. Copies of the filings are available without charge, upon request on the SEC's Website at www.sec.gov and may be available by calling Lord Abbett at 888-522-2388.

Lord Abbett Privacy Policy

Your privacy is important to us. We respect every individual's right to privacy and security of information that personally identifies you or your account with us. That is why we are committed to our Privacy Policy, which is outlined below.

We safeguard, according to strict standards of security and confidentiality, any nonpublic personal information our customers share with us. We do not sell personal information to anyone.

In order to properly execute your transactions, we may collect personal information, such as your name, address and social security number, from the applications or other forms that you complete, through your use of our Website, and from market research companies. We also may collect information about your transactions with us or others, such as your account balance and investment and transaction history.

We may share nonpublic personal information with companies that provide services to us, such as transfer agents, printers, technology vendors and others, for your benefit and for the administration of our business. We require these companies to protect the confidentiality of your nonpublic personal information and to use it only for the purposes for which we disclosed the information.

We do not otherwise share nonpublic personal information we collect about you or any of our customers with anyone, except as required or permitted by law.

Our Website uses cookies, which are small files placed on a computer's hard drive that allows our Website to recognize that computer each time someone uses it to visit our Website. The file contains information about preferences for using our Website that have been established by someone using that computer. Cookies may also be used to keep track of certain other information regarding the use of our Website, such as Website traffic data, that we may use to make decisions about ways to improve our Website. The cookies we use do not include any information about your personal identity or your accounts.

We protect the integrity and privacy of your information in a number of ways. We restrict access to nonpublic personal information about you to those employees who need to know that information to provide products or services to our customers. We maintain physical, electronic and procedural safeguards to guard your nonpublic personal information.

The accuracy of your personal information is important. If you need to correct or update your personal or account information, please call us at 800-821-5129. We will be happy to review, correct or update your personal or account information.

Note: If you invest in the Lord Abbett Family of Funds through an account that is controlled by another financial institution, such as a bank or broker-dealer, the other financial institution's Privacy Policy may apply to you.
