

## Tim T. Tomaich, CFA, Ph.D.

*Director, Portfolio Analytics & Quantitative Research Strategy*

Tim Tomaich leads the Portfolio Analytics team within Data Driven Insights which, as part of the front office within Investments, produces essential performance attribution and other portfolio-related analyses across both fixed income and equity. The team also works with Product and Investment Strategists and other key players in Client Services to help win new business and support essential reporting requirements. He is also responsible for promoting and enacting internal strategic initiatives across Quantitative Research focus areas.

Mr. Tomaich joined Lord Abbett in 2011. His previous experience includes serving as Vice President, Credit Derivatives Quantitative Research at Barclays Capital; Vice President, Analytics and Quantitative Strategies at Integrated Finance Limited, Continuum Fund; Special Agent for the Federal Bureau of Investigation; Vice President, Fixed Income Research at Barra, Inc.; Senior Application Consultant at Exa Corp.; and Application Consultant at the Maui High Performance Computing Center. He has worked in the financial services industry since 1997.

He earned a BS in Aerospace Engineering from the University of Michigan, an MS in Aeronautical Engineering from the California Institute of Technology, and a Ph.D. in Aerospace Engineering and Scientific Computing from the University of Michigan. He is also a holder of the Chartered Financial Analyst® (CFA) designation.
